

# KEITH MORGAN

## ● International Judo Competitor

Judo Alberta is pleased to congratulate Keith Morgan MD, on his induction into the Alberta Sport Hall of Fame. This Alberta born judo fighter and multiple time Canadian champion has represented our province and our country internationally over a sixteen year span. Keith's performance and drive in the sport of Judo is nothing short of magnificent, this four time Olympian has garnered over 50 International medals, including multiple Pan American Championships, a silver medal in the 2002 Commonwealth Games, the gold medal at the 1999 World University Championships, and a 5th place finish in the 2000 Olympic Games and 2003 World Championships to name but a few of his competitive accomplishments. Keith Morgan was ranked in the top seven in the world for eight years, and this multi time Judo Canada's athlete of the year may be considered one of the all time elite judokas in Canadian Judo history.

Starting in Judo at Ishi Yama judo club in Calgary at a very young age, Keith, through his success, has been a positive factor in the growth and development of judo and various athletes in our province. An involved judo player and an excellent role model with our youth, he was active as a teacher in many Alberta based training camps, and would give back for the good of the sport. As the athlete representative for National team members on Judo Canada's executive, Keith's perspective and involvement helped shape many positive developments associated with both grassroot and high level judo that have had a lasting impact on the sport in our country.

Upon his retirement from competitive judo in 2008, Keith continued with his education, and recently graduated as a medical doctor. His required medical internship will take place in the nation's capital, Ottawa, Ontario.

Judo Alberta is proud of Keith Morgan and his life accomplishments in the sport of Judo and look forward to his continued involvement in our sport in the years ahead.

Judo Alberta congratulates

## ● KEITH MORGAN

on his induction to the Alberta Sports Hall of Fame.

An athlete that has represented our province, our sport, and himself with distinction through a lifetime of accomplishments.
